

Tubo Water Butt

Tubo

Tubo Water Butt

The Tubo is a trendy conical-shaped water butt. The pleasing design is further enhanced by the surface texture.

The deeply grooved wavy line surface texture is reminiscent of a meandering stream. Similar to the sand patterns seen in Zen gardens.

The butt features a $\frac{3}{4}$ " brass connection point for a screw in tap and two lower front outlets for draining or connecting to another tank. Supplied with a chrome plated brass tap and removable plant pot with retractable handles under the chunky lid.

The contemporary "Granite" finish has a slight fleck in the colour that is truly superb.

Dimensions

Height: 132.5 cm

Diameter: 57 cm (max)

Capacity: 210 Litres 55 gallons approx)

Removable plant pot under lid

Features a removable plant pot with retractable handles under the lid

Material PE. Colour: Granite Grey
